

Our Fire Drill

This is a fire bell. It keeps us safe.

It makes a loud sound to tell us there might be a fire. We can cover our ears if we like.

When we hear the bell ring we need to stop playing and line up quietly in our huddles.

We will follow the teachers outside.  
We need to walk and stay in a  
line.

Our teachers will say our names to check we are safe. We need to stay quiet.

The teachers will tell us when we can go back and play. The bell will stop ringing.

# Try-a-tops

Today we are going to be Try-a-tops and have a go at this. We will pretend there is a fire and follow our safety rules.

If we follow the rules we will be safe and Charlie will be happy and proud.
