Sunday 2<sup>nd</sup> September

I WOK to the sound of clanking  
Loud aneing and very noisy fire coming  
out of my window. I couldn't sleep. I looked  
of my window and I saw someone  
pulling my house down. When I saw  
them I ran out of my house and  
I ~~looked~~ went to safety then I sat  
there until the fire stoped. ~~that~~  
wednesday 5<sup>th</sup> September

The fire has nearly stoped and I'm  
still inside my shelter. I hope it will rain  
so the fire will stop and only 6  
people have died and I hope I don't die!  
thursday 6<sup>th</sup> September

The fire has stoped! I am geeing  
out of the shelter but we need to  
rebuild the buildings that were destroyed.
