E-Safety: SMART

What you need to know about e-safety

People abuse the web to lure children right to them. I know what you're thinking
How can I stay safe? Read on to find out!!

How to stay safe

Firstly, don't meet up with strangers. Secondly, if you trust the stranger safely meet them with a trusted adult.

What not to do

Firstly, you can not tell them where you live

Secondly, you can not tell them what school you go to because schools are easy to break into

Thirdly, don't meet them alone meet them with a trusted adult

Thanks for reading the blog expect more next week

Now you know how to stay safe
