

During this half term, Year 2 will be learning how to write a set of instructions in order to make a birdfeeder for our readers. We will make the feeder first and then write our own set of instructions.

We will also be writing a cross-curricular piece which links to our science unit – Animals Groups and food chains. We are hoping to have some of them displayed at Paignton Zoo!

### Steps to Success

- Setting out instructions
- Bullet points
- Imperative (bossy) verbs
- Sub-headings and title
- Give clear instructions

### Steps to Success

- Use facts and research
- Sub-headings
- Did you know facts
- Set out in the style of a non-chronological report
